Notice of Last Gazette mailing

This issue is the last issue that will be published as a pdf and mailed to specific AMC members. One reason is the number of copies I must personally print and mail, but more importantly, trip material is outdated rapidly. Trips and events are added throughout the bi-monthly schedule of the Gazette and a single printing at the first becomes irrelevant as time passes.

Users are encouraged to gain access to the Internet so as to keep up to date on the trips and events. Based on emails, it seems that the main difficulty is members not having a computer or have a non-working computers, or difficulty in using a computer. The other difficulty is limited access to the Internet.

I suggest that the non-working computers get fixed, or most likely they are old and a new computer would be appropriate. Computers are relatively cheap now. Base models can be had from less than \$400 and even as low as \$300 on sale. Used computers or refurbished are even cheaper.

Another cheap way is to purchase an Android Tablet for which really cheap models go for less than \$100. While the screen may not rival the latest iPad, they are certainly readable enough to read the Gazette online. Tablets in this price range usually have 7 inch screens. This option does require access to the Internet.

If a member does not have Internet access, which ranges from about \$30/month up, the local libraries do have computers and Internet access where members can check the Gazette or calendar. There are many "hot spots" available, including places like McDonalds, Panera, and Starbucks which also have free access to the Internet. It is reasonable to assume that friends (your friends) have access to the Internet and would allow you to check our website for trips. That is what friends are for.

If a computer is not available and you are not tied into the Internet, a smart phone may be the answer. If you already have one you do have access to our website with an excellent mobile version. Our mobile version has been designed to work on all iPhones and Android phones. It also works as a mobile version on the smaller Android tablets. On a budget? There are non-contract mobile smart phones

that are less than \$100 and about \$100 for a years subscription. (The webmaster uses an \$89 LG smartphone with Tracfone at \$99/yr.)

If you still find you have questions or need help on getting access to our online Gazette and Calendar, please feel free to contact me. For those without a frends email or access to the Internet, my phone is 401-333-5350.

Volunteers Needed

The chapter needs the position of vice Chair to be filled for next year. This position has the possibility of being a two year position. Information on the duties are available on the website. If any member wishes to volunteer for this important leadership position, or need information on the position, please contact our Chair Bob Tessitore.

The webmaster has for several years been looking for a assistant. Several potential volunteers have stepped forward but other commitments have taken priority. If any member has, even limited technical skills, and wants to help please contact the webmaster

Narragansett Chapter Annual Meeting

Our Annual meeting was held on Saturday November 8th at the Save the Bay facility. The Chapter's major awards, as described below, were presented at this time.

1. The **Appie of the Year** award is presented annually to that person who, in an outstanding manner, exemplifies the mission of the Appalachian Mountain Club. The recipient of this award receives an individual engraved plaque as a permanent memento and is also presented with a plaque with their name engraved, along with the names of the previous Appies. This plaque is retained for one year before it is passed on to the next Appie of the Year. The recipient of this award is **Scott Disnard**, our Young Members subchair.

2. The **John Clark Service Award** is the Chapter's second highest honor. This award is given to the "unsung hero" of our chapter, someone who quietly goes about their business of contributing to the chapter. This years award went to **Sid Wax**.

3. Over the years, some members have given their time and talent to the AMC, and to our Chapter, for such a long time that other yearly awards do not express the appreciation the Chapter has for these members. To show our appreciation, the Chapter has inaugurated our **Golden Appie Award**. This award was presented to **Jack Schempp**.
